

Purpose of the Role:

To organise and coordinate street planting days on your street encouraging neighbours to get involved and support and to ensure that planting days are delivered safely and effectively.

Main Responsibilities:

- Act as the main contact between your street and the Garden Streets team.
- Encourage neighbours to get involved.
- Organise up to 3 planting days (spring/summer and bulb planting).
- Distribute plants and compost provided by the team.
- Share photos and feedback.

Skills you need and what we are looking for:

- Friendly and welcoming
- A willingness to make a positive impact on the environment
- Good communication skills

Commitment:

- Flexible, year-round role.
- Minimum suggested commitment: 8 weeks.
- Most active between May-September.

Role Supervisor & Support Provided:

- Your role supervisor is Hanna Dunnell - E: gardenstreets@sustainablemerton.org, they will support you with;
 - Advice emails, Calls, WhatsApp support, and more direct in person support where needed.
 - Printed materials and planting supplies.

Location:

Your street or another area you have identified.

Benefits:

- Strengthen local connections and building community resilience
- Enhancing your local environment and green spaces
- Sharing your skills to upskill others and grow collective knowledge
- Making a meaningful contribution to a greener, fairer Merton
- Joining a vibrant volunteer community and celebrating together at our Volunteer Celebration events.
